49" class (48.5" diagonal)

43SM5KC
43" class (42.51" diagonal)

32SM5KC
32" class (31.8" diagonal)

Key Features

QUAD CORE SOC*

Built into this signage is a Quad Core Processor. This is the engine behind the webOS platform that allows fast loading of apps and menu's, as well as multi-tasking between apps. The result? Quick access to content and smooth playback.

WEBOS 3.0

With webOS 3.0 you can build apps and construct your own customised signage solutions using the LG Software Development Kit (SDK) and display logos during screen idle time (i.e. boot up, lost signal).

GROUP MANAGER

Content can be created, distributed, and controlled by a signage without a dedicated PC or server.

PBP (PICTURE-BY-PICTURE) / PIP (PICTURE-IN-PICTURE)

PBP (Picture-By-Picture) and PIP (Picture-In-Picture) features enable you to compose various layouts for several digital devices.

External Speaker Out Compatibility (Speaker Sold Separately)

Enhance the in-room member experience by adding an external speaker (sold separately) for improved audio performance.

Commercial Grade Stand

Expand the range of comfort for members with a commercial grade stand. This allows members to watch a TV from any angle. Also, for security purposes, the stand may be secured to its table.

MONITORS

LG Monitors

PRO:CENTRIC® Single Tuner™ LED TV with Integrated Pro:Idiom®

LG 34CB88-P

21:9 Curved UltraWide™ QHD (3440*1440) display offers wrap-around field of view on a wide screen real estate.

LG 29UB55-B

The 29-inch display with a 21:9 UltraWide Full HD (2560x1080) provides an efficient environment for using Microsoft® Office programs such as Word, Excel and OneNote.

LG 27BK550Y-B

Designed for professionals, this 27-inch Full HD display with IPS technology minimizes color shifts and provides outstanding picture quality from virtually any viewing angle.

LG 34UM64-P

With a resolution supported by UltraWide QHD technology, the 3440 x 1440 UltraWide QHD display (34UM94-P Only) offers the sharpest picture quality never before experienced.

LG 27UD68P-B

The 27-inch Ultra HD IPS monitor offers both a larger workspace and accurate and detailed expression.

LG 24BK550Y-B

This 24-inch Full HD display with IPS technology minimizes color shifts and provides outstanding picture quality from virtually any viewing angle.

CONTENT & SOFTWARE

PING HD

Whether you are looking for digital menu boards, digital information boards, or digital signage kiosks for touch-screen solutions, our content management software and content creation services can provide a customized solution specific to your requirements.

MDM provides flexible, scalable and affordable digital signage solutions. We will assist with

everything from strategy, design and implementation to monitoring and support on a cloud-based network.

Ping HD Software

Our strategy team will plan and design a signage solution that will deliver the results you want increasing sales, enhancing brand awareness and improving customer experience.

Don't have a team of graphic designers on staff? MDM has you covered. Our skilled creative team is on call to deliver messaging that is engaging and on brand.

WHY FITNESS ON DEMAND™?

Fitness On Demand™ is a market-leading delivery platform of virtual fitness. Since 2011, our services have allowed facilities around the world to economically deliver premium fitness programs to their users. With programming and services designed to optimize space, streamline operations, and offer unparalleled variety, our services are the perfect addition to fitness facilities, apartment complexes, hotels, and more.

OPTIMIZE SPACE

Decrease vacancy with vast schedule flexibility.

STREAMLINE OPERATIONS

Reduce labor, management, and program resources.

UNPARALLELED VARIETY

More formats, class times, and popular titles.

- Will stream audio from 8 TV's.
- Supports multiple simultaneous users per TV.
- Connect as many Pro 8X units via Wired or Wi-Fi as you need, no limit.
- All connected TV's will be display inside the hearTV app.
- Works with Apple (iOS) or Android phones or tablets.

RF DISTRIBUTION SYSTEM

MDM Commercial eliminates the confusion in distribution of off-air (local) TV signals and DSS satellite signals (cable) throughout your Fitness facility. Experts in television system technology and installation, LGF's staff works with you to evaluate your current system, assess the capabilities of your operations, and determine the requirements needed to meet both present and future needs.

We custom design and build or redesign and upgrade your RF Distribution system to meet your long-term care facility's needs. No system is too large or too small for LGF's experienced engineering team.

IP DISTRIBUTION SYSTEM

ZeeVee continues to lead the AV industry in developing IP-based delivery solutions and offers the widest range of products for meeting the needs and budget of every customer.

The ZyPer product family is a market-proven solution for distribution and management of IP-based AV networks, including support for 4K/UHD, HD-SDI, multichannel audio, and compressed or uncompressed signal distribution.
